## What's new?

### >> Website Updated

We have been updating the website over the summer months, so why not have a look. There is now updated information for parents, downloadable resources for children and a new professionals area.

Visit the website to see the changes and don't forget, if you have any suggestions that can help us improve the website let us know...

### >>New resources and lesson plans

Some new resources and lesson plans have been added to the 'Members Area' of the website including our new 'Get to know Lila' interactive game.

# Engaging with parents

## >> New Posters to download

If you are using Oh Lila in your nursery then you will know that one of the key themes is encouraging children to ask for help and identify who can help them.

So let's help promote this message to parents and carers too.

We have updated the website to include lots of new links to services that can offer advice, guidance or support for parents.

There are a range of Oh Lila posters that can be downloaded to encourage parents to learn more about Oh Lila.
